Answering an Incoming Call

When a call comes into your phone the screen will show the Caller ID Name and Number if available.

You can pick up the handset to answer the call or you can select the answer soft key to answer the call on speaker phone

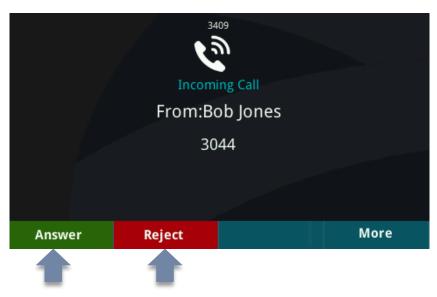

The Reject button will stop the call from ringing on the phone and send it directly to voicemail

DIRECTED CALL PICKUP

To answer an extension from another phone on the hosted system, use the Directed Call Pickup feature. When the extension that you want to answer is ringing Dial *78 and the desired extension to intercept the call and have it rerouted to the phone that you are dialing from. Answer any extension from any other phone on the system when it is ringing.

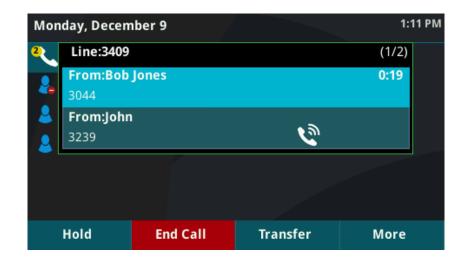

If you have speed dials with line presence subscriptions you can also answer the call by simply pressing the speed dial next to the extension name to intercept the call.

ANSWERING CALL WAITING

When on an active call and a second calls comes in to your extension, the available Caller ID of the new call will show on the entire screen of the phone and you will hear a beep. You can do one of the following:

- Press the Answer Soft Key to place your current call on hold and answer the new call
- Press the Reject Soft Key to send the new call directly to voicemail

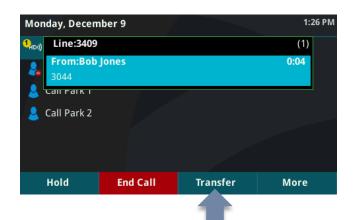

After the second call waiting beep, the phone screen will show both calls. The call that you are currently on will be shown in blue at the top. The second call that is coming in will show below it. The soft keys at the bottom will control the active call shown in blue.

CONSULTATIVE TRANSFER

Consultative Transfer is used when you would like to notify a user that you have a call for them before sending it over.

This is also referred to as a warm transfer.

Step 1: To initiate the Consultative Transfer, press the Transfer Soft Key. Once the Transfer Soft Key is pressed, the caller is placed on hold and they will hear hold music.

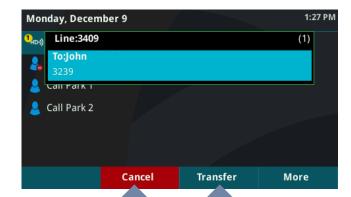

Step 3: Enter the 10 digit phone number or extension of the person that you would like to transfer the caller to. Then press the Send Soft Key
